Marianne Hirsch. Family Frames: Photography, Narrative ...

Photography, although it may cover some passage of time, is typically about a time frame of seconds and fractions of a second. And because of this extremely short period of time, can only tell of a part of the world during a fraction of a second where the "story" had been unfolding until the photographer decided to click the shutter and continued after the picture was captured.

Family Frames: Photography, Narrative, and Postmemory by ...

Marianne Hirsch's new book, "Family Frames," looks at family photographs in literature and culture. Although its critical gaze ranges quite broadly--touching upon most of the writers, photographers, and critics who have been centrally concerned with family photography--the book begins and ends by considering family photos in relation to the Holocaust.

Marianne Hirsch's new book, "Family Frames, looks at family photographs in literature and culture. Although its critical gaze ranges quite broadly--touching upon most of the writers, photographers, and critics who have been centrally concerned with family photography--the book begins and ends by considering family photos in relation to the Holocaust.

Family photographs - snapshots and portraits, affixed to the refrigerator or displayed in gilded frames, crammed into shoeboxes or catalogued in albums - preserve ancestral history and perpetuate memories. Indeed, photography has become the family's primary instrument of self-representation. In Family Frames, Marianne Hirsch uncovers both the deception and the power behind this visual record.

In 28 libraries. Hirsch provocatively explores the photographic con-

ventions for constructing family relationships and discusses artistic strategies for challenging those constructions. When we capture our family photographically, we are often responding to an idealized image. Contemporary artists and writers, Hirsch shows, have exposed the gap between lived reality and a perceived ideal to ...
